Next Steps towards Rule Notification

Monday 16 February 2015

Proud Partners

Where are we up to?

- Timeframe shifted to respond to community concerns:
 - Section 32 - March 2015
 - Notification - May 2015

RDD Committee 9 December 2015

- Economic modelling delayed (important for understanding implications)

Where to from here?

- Need to move to a point of certainty
- Reviewing timeline to cater for economic information
- Catchment impact may be separated from section 32 rules analysis
- Notification this financial year (June 2015)

Rules

- Guiding principles provide basis for rule development
- A number of StAG recommendations and Council decisions to date
- Won't ever have all the information everyone wants
- Key recommendations (or positions) now required from StAG

Recommendations from StAG

- Confirm start point
- Managed reduction
- Preferred allocation
- Science review wording
- Trading:
 - Short term
 - NDA basis
